##### Custom Bridal Albums

We make use of several album vendors and photo processing labs to create various albums. All of our vendors have excellent quality and varied products, thus enabling us to offer a wide variety of album styles and types.

Examples of our most popular are:

- ☞ **Designer Coffee Table Book** - This type album has the images printed on each page. Each page is a custom collage utilizing both single and dual page layout. Starting at \$900.00 for a 9x12 album with 12 pages (24 sides) with approximately 50-60 mages.
- ☞ **Traditional Renaissance Library Bound** – This type of album has the images inserted in frames on each page. Pages can have various sizes, number and orientation of prints. As the name implies this is the type of album that has been the standard for many years. Starting at \$1,100.00 for a 10x10 album with 12 pages (24 sides) with approximately 24-48 images.

All album types have numerous choices of sizes, number of pages, cover material and colors, cover layout and other elements. We can design an album to fit both your taste and price range.

##### Parent Albums

We also have a wide range of choices in our parent Albums. Although more limited in design options than our Bridal Albums we can still design this type of album to fit.

Examples of our most popular are:

- ☞ **Designer Coffee Table Book** – Same as our Bridal Album but in an 8x10 size.
